Li Ming-Wu's Testimony

Li Ming-Wu is a successful farmer. During winter, he was busy doing his business. During one of his business trip to Shandong and he met a stranger. This stranger gave Li Ming two small booklets called "Matthew" and "John". He did stress to Ming-Wu that he could lost anything except he could not lost this two small booklet. Ming-Wu should treat these booklets as his treasured possessions because it was going to bring the greatest blessings to his lives.

After he checked into the motel, he did try to read these booklets. No doubt, he recognized every word in this booklet but he was unable to understand it. While he was lying on his bed, the words "you could lost anything but not these two booklets" seemed to register in his mind.

It was after four or five years later, he treasured these two booklets as if it was one of his treasured possessions. However, he still could not comprehend the meanings of these two booklets. He was under the influence of Confucian teaching, he wrote on a horizontal inscribed board "To God be the glory" and he removed the old Buddhist statue.

It was during the revolution, he came to the realization that all those persecuted Christians and the preachers were the one who really helped him. He kept the two small books in a safe place. Those who knew that he was keeping the gospel booklets were mocking at him.

It was after the revolution, he has a strange dream. In his dream, he saw a stall selling books. When he entered into one of the village, his dream turned out to be his reality. He saw a man was selling the books of "Matthew" and "John". He quickly brought all these booklets. Later on, he realized that he forgotten to ask the man as to where he was from.

It was after a period of time, he was invited to attend an evangelistic rally. When he reached there, the doors were locked. He did read the "Pilgrim's Progress". He was thinking that he was just like the description in that book. It was as if the lion was trying to stop him to reach his destination. After a short lapse of time, he did go to the place where the evangelistic rally was held. He did not realize that they were

Attending their Sunday worship service. He was invited to attend the worship service and the fellowship.

From that time onwards, he was a growing Christian. He was proud to own a bible. Despite of persecution, he continued to share Christ with his family and relatives. Within four years, he brought 27 persons to Christ. Within this group of people, some was sharing the good news with others while the other was selling the bible.

Li Ming-Wu's Testimony

After a period of time, Mr. Li elder son and some of his cousins were studying in theological school. They were self-supporting. They did go through lots of hardship. They were able to share the good news to various villages. The Lord has blessed them with lots of workers to share the good news to the lost.

Website – www.webshowplace.com/question/home.htm

Target: Those who desire to share the gospel with the Jehovah Witness

Contents:

The best way to evangelize Jehovah Witness is to ask questions.

It is divided into 4 broad categories as shown below:

(1) 65 questions – every Jehovah Witness should be asked using NWT

These questions have been put together using information from many Different sources. The Jehovah Witness cannot question about the translations about these verses from NWT. If the Watchtower Society decides to change any of these verses (like they did with Hebrew 1:6) then the obvious question for the individual Jehovah Witness is why did the WTS change their own Bible? If you are interested to find out more about it, please check it out yourselves.

Website – www.webshowplace.com/question/home.htm

(2) Just for Catholics

If you are a Catholic who finds yourself in this situation, or if you are a Jehovah Witness who was at one time practicing Catholic, and would like to know why the Catholic Church teaches some of the things and they do, then this website is for you.

(3) More questions that every Jehovah Witness should be asked.

When the watchtower society changes the teaching on something to the exact opposite of what it once taught as “the truth”

(4) Jehovah Witness and Child Custody

It is a website whereby it will help you to have a better understanding And it offers helps in dealing with some of the child custody matters.
