

Thank you very much for deciding to share with large group! We know that the Lord uses our testimonies to build faith in the body.

We also know that getting up to talk before a large group of people can be for some a scary experience. In general, people tend to get nervous in front of a crowd. When this happens it can be very difficult to communicate what you had intended to say if you haven't thought it through clearly. For these reasons, we'd like to offer you some helpful questions around which you could outline your sharing time; our hope is that they will help you cement what the Lord is putting on your heart.

In a sentence, what will you be sharing about?

How specifically have you seen God at work in this situation?

What was your life and/or circumstances like before?

What were crucial points in which you saw God intervene?

How has your life been changed through God's work?

How have you responded to God because of what he has done in/for you?

These are not requirements and may not exactly pertain to your sharing. Regardless, you'll want to prepare yourself by writing some general notes or practicing what you want to say before you actually go up front. Again, thanks for deciding to share with us. We of the chapter leader team will be praying that the Lord will speak to you and put on your heart exactly what He wants you to share this week. Have fun!!
