

Interim Ministry Associate

InterVarsity's more than 1300 field staff are led and supervised by nearly 200 Area Directors, Divisional Directors and Regional Directors. Some of those Director positions are open and in need of someone to provide helpful, supportive, and strategic leadership while a long term supervisor is recruited and placed.

That's where the importance of an Interim Ministry Associate lies. Similar to an Interim Pastor of a church, InterVarsity's Interim Associates provide for the continuing advancement of ministry and for the smooth transition of responsibilities among new personnel. Interim Associates are qualified men and women from various professional backgrounds who are skilled in leading teams while supervisors are recruiting, training, or awaiting the funding of long-term replacements, or while the long-term leaders are on a sabbatical. You can help InterVarsity increase its capacity for campus ministry by applying today for a role as an Interim Associate.
