Living at Campus by the Sea is a unique experience. We are an island camp 20 miles off the coast of Los Angeles and are 3 miles away from the town of Avalon, and are only accessible by boat.

Our staff live in shared housing and common living quarters.

As part of our commitment to living together here at CBS we participate in regular activities together that are outside of our normal "work responsibilities". An example of some of these would be daily devotions, weekly bible studies and a time set aside to share what is going on in each others lives and pray for each other. Our summer also includes a weekly church service, and other community time commitments.

Pay is approx \$200 per week plus room and board. There are also paid holiday days depending on your term of service.

There are possible opportunities for advancement in this area.
